

Fiberstone  
Catalogue

# NEW

The Paper collection

[view complete collection on pages 84 - 89](#)

# How to..... read our catalogue?

1. Name of the product
2. Available sizes with dimensions
3. Article codes per size with order unit
4. Colour code, needs to be added behind the code of the size you want to order

## Example

If you want to order the BELLE in size S with colour Ridged Grey, the order code will be: P10 10 - 56 - 25

# use our catalogue?

1. Choose the serie that matches your customers style and budget.
2. Look for the product that meets up to your customers wishes.
3. If you can't find the right finish see the matching pricelist to get a complete overview per model.

# Our Essentials series

---

The first products ever made are assigned to the Essentials line. The Essentials line can be seen as the key range of our assortment. It breathes simplicity. Due to the basic colours and wide range of shapes and sizes, the products in this line can be used to decorate any space like a hotel, office or public outdoor area. Create a complete and representative look with our Essentials line.

- Glossy collection
- Matte collection
- Natural collection

# Essentials

Essentials series

A photograph of a modern interior space featuring two identical potted plants. The plants are lush green with large, glossy leaves and are housed in tall, dark, cylindrical pots with a high-gloss finish. They are positioned on either side of a central black-framed glass door. The background is a light gray wall with four recessed ceiling lights. The floor is made of light-colored wood with a herringbone pattern.

# Glossy collection

'Modern high gloss eyecatchers,  
ideal for the stylish home and  
the upscale public area.'

# Our Classic series

---

The products from our Classic line are the heroes of our assortment. The combination of classic shapes and rough, characteristic finishes are making this line an all time favourite. Each finish has its own original story that declares the distinctive look.

# Our Deluxe series

---

At koberg we believe design goes hand in hand with luxury.  
To emphasize and share this feeling we established our Deluxe line.  
A range of luxury products made from high end quality materials  
and coated with an exceptional finish. Esthetical designs with a  
'no limits' attitude.

# Trend Series

---

On a daily basis we get inspired by new developments and trends. To be able to give our vibrant and changing vision a platform, we have set up our Trend line. A collection with a range of products, inspired by the latest designs. These are all shifting collections so you are always up to date according to the latest trends.

- Rough collection
- Ridged collection

# Collaboration series

---

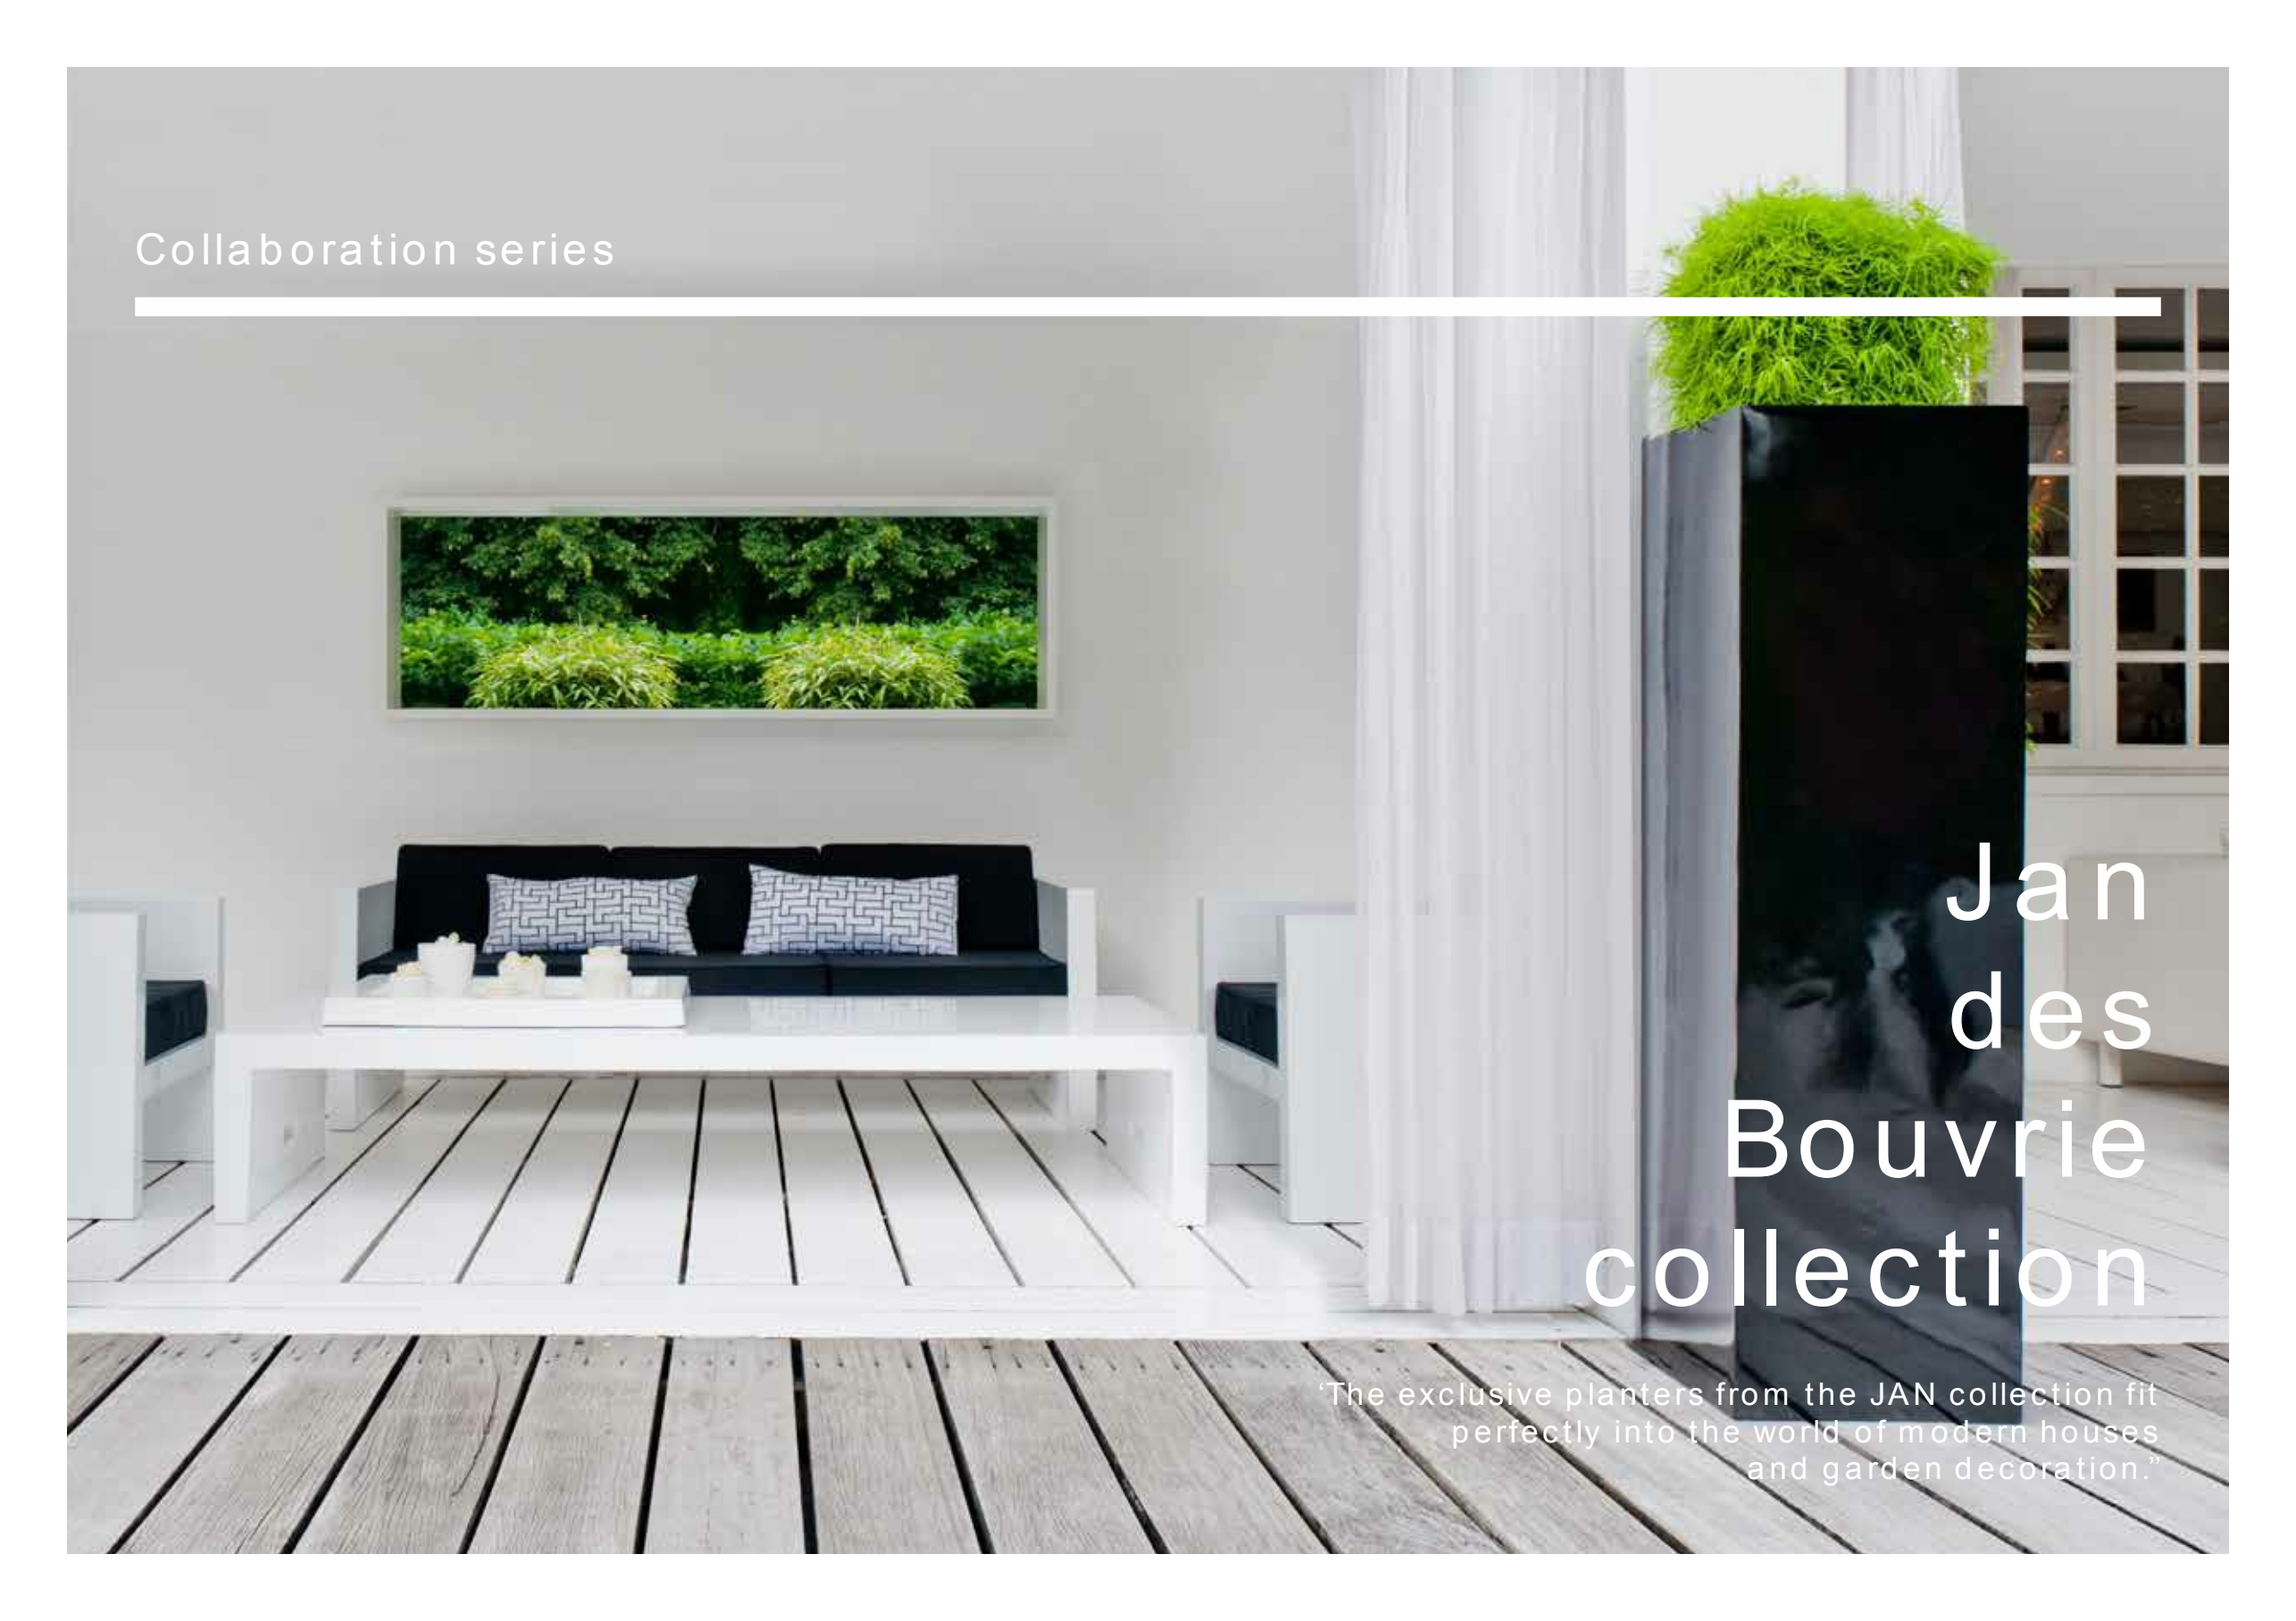

At koberg we like to share our vision and ideas. Not only within the company, but also out of our comfort zone. This resulted in our Collaboration line, where we fulfilled our desire to work with other inspiring persons or companies. We believe that collaborating with external designers or companies, will originate the most innovative and surprising products.

- Jan des Bouvrie collection

# Collaborations

Collaboration series

---

A modern outdoor lounge area featuring a white sofa with black cushions and patterned throw pillows. A white coffee table holds several small white containers. The floor is made of light-colored wooden planks. In the background, a white wall has a rectangular window showing a lush green garden. To the right, a large, dark, rectangular planter holds a vibrant green plant. The planter is positioned next to a white curtain. The text 'Jan des Bouvrie collection' is overlaid on the right side of the image.

# Jan des Bouvrie collection

'The exclusive planters from the JAN collection fit perfectly into the world of modern houses and garden decoration.'

# How to treat our products

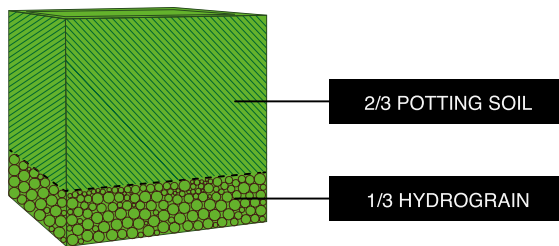

---

Most of our products can be used both indoors and outdoors.  
When products are placed outdoor a different treatment is required  
from indoor use.

- Indoor & outdoor instructions
- Use and care collection

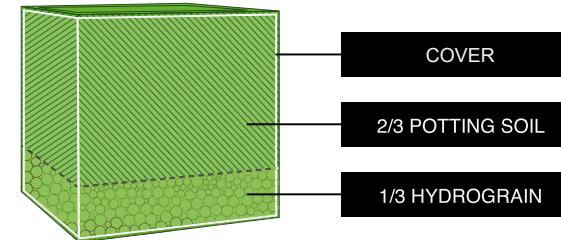

# Use and care

# Indoor instructions

- Cover the inside with a water-resistant inner tray or pond liner.
- Put the planter in the right place.
- Fill the planter with 1/3 of hydro grain.  
The hydro grains contribute to the water management and make sure that your plants grow better.
- Then fill the planter with 2/3 of potting soil and place the plant in the planter.
- Last you can choose to cover the soil with a decorative layer of hydro grain, bark chips or groundcover plants.
- After filling the planter, we recommend not to replace the planter. The weight of the hydro grain and the potting soil could cause damage to the planter.

# Outdoor instructions

- Drill holes in the bottom of the planter. Use a 8-10 mm metal/wood drill.
- Drill several holes, the number of holes depends on the size of the planter. Document available upon request.
- Cover the holes with mesh, to make sure the soil cannot clog the holes.
- Make sure that planters without feet not directly make contact with the subsurface. Loose feet prevent this or a plant saucer can be used.
- If you directly place a planter without feet on the subsurface, we recommend to drill the holes at the side of the planter instead of in the bottom. This best can be done 5 to 10 cm above the ground.
- A piece of duct tape placed where you want to drill the hole, will help keep the drill bit from slipping
- Fill the planter with 1/3 of hydro grain. The hydro grains contribute to the water management and make sure that your plants grow better.
- Then fill the planter with 2/3 of potting soil and place the plant in the planter.
- Last you can choose to cover the soil with a decorative layer of hydro grain, bark chips or groundcover plants.
- After filling the planter, we recommend not to replace the planter. The weight of the hydro grain and the potting soil could cause damage to the planter.
