what's new

## oyster collection

The oyster collection brings you treasures that seem to come directly from the magical underwater world. The luxurious finish has the texture and appearance of rich coral. Every planter is handmade and therefore unique. Look no further if you are seeking beautiful gems with an exclusive look and feel.

## bohemian collection

Inspired by travels and stories, the bohemian collection combines natural colors and crafts to planters that are made with a new unique process. Traditionally woven baskets are turned into strong planters by using cement on the inside. Due to the natural composition of the material, some color and size variations may occur.

## refined collection (jumbo)

Deep, warm and soft shades derived from nature, are the base of the Fiberstone refined collection. Specially designed to bring back serenity and simplicity in the interior. The matte finish provides an earthy and pure sense of calm. Simple shapes and sleek finishes make this collection elegant and tasteful. The refined collection is made from sandstone, which makes it a lightweight, strong and refined collection.

# materials and colors

Wij streven naar een assortiment dat is gemaakt van degelijke materialen die zowel voor binnen als voor buiten geschikt zijn. Het overgrote deel van onze producten is gemaakt van materialen met glasvezel in de basis; dit geeft de uitstraling van natuursteen, maar heeft het voordeel dat het licht van gewicht is en onderhoudsarm. Bent u op zoek naar een verfijndere uitstraling? Dan zouden wij onze sandstone collectie erg aanbevelen: een sterk materiaal met zeer fijne lijnen, verkregen door zandkorrels.

Wir streben nach Sortiment, welches aus langlebigen Materialien für Innen- und Außenbereiche besteht. Die meisten unserer Produkte werden daher aus faserbasierten Materialien hergestellt. Ein Material, das den Anschein eines wertvollen Natursteins hat, jedoch den Vorteil hat, dass es leicht und wartungsarm ist. Suchen Sie nach einem anspruchsvollerem Aussehen? Dann empfehlen wir unser sandstone-Sortiment. Ein starkes Material mit sehr feinen und dünnen Linien, welche durch Sandkörner entstehen.

Nous sommes pour un assortiment qui est fait de matériaux durables qui vont durer, intérieure et extérieure. La plupart de nos produits est fabriquée de matériaux fibre de base ; un matériau qui a l'apparence de la pierre naturelle précieuse, mais avec l'avantage qu'il est léger et facile en entretien. Vous cherchez un aspect plus sophistiqué ? Dans ce cas-là nous vous recommandons notre assortiment de Sandstone ; un matériau solide avec des lignes très fines et minces obtenues par les grains de sable.

Nuestro objetivo es un surtido hecho de materiales duraderos que son adecuados para el interior y exterior. La mayoría de nuestros productos están hechos de materiales a base de fibra; un material que tiene el aspecto de la piedra natural preciosa, pero tiene la ventaja de que es liviano y de bajo mantenimiento. ¿Está buscando una apariencia más sofisticada? Entonces recomendariamos nuestro surtido de arenisca (sandstone); Un material fuerte con líneas muy finas y delgadas obtenidas por granos de arena.

We aim for an assortment that is made from durable materials that will last indoor and outdoor. Most of our products are made from fiber-based materials; a material that has the looks of the precious natural stone, but with the advantage that it is light weight and low in maintenance. Are you looking for a more sophisticated appearance? Then we would recommend our sandstone assortment; a strong material with very fine lines obtained by sand grains.

# bohemian

ficonstone

Inspired by travels and stories, the bohemian collection combines **natural colors and crafts to planters that are made with a new unique** process. Traditionally woven baskets are turned into strong planters **by using cement on the inside. Due to the natural composition of the material, some color and size variations may occur.**

\*the planters made out of seagrass are not suitable for outdoor use

# raw

ficonstone

**Modern shapes with a tough character. Say hello to the raw collection, an assortment of pots we cannot ignore. The raw collection is at its best in a spacious environment where it can stand on its own. But, it also fits perfectly in a more characteristic décor, because we all know opposites attract. The sprayed-cement finish and deep rusty color give this collection a unique appearance.**

# urban

ficonstone

We think this would be the outcome when the rough meets the modern. The urban collection brightens up every space and is a 'not to be missed'. **The medium to outsized planters come in three different** well-known Fiberstone shapes: the orb, the patt and the charlie. The unique concrete finish does its work well both outside and inside.
