AW2024

pottery is our nature

AUTUMN - WINTER 2024 COLLECTION

pottery is our nature

We breathe design and nature. That's why we develop unique elements, mainly ceramics, wood, wicker or glass. These interior objects offer you countless possibilities to infuse your home with green. No matter if you live in the countryside or in a modern urban hide-out where every inch matters. And do not forget to add a touch of design to your outdoor setting if you have a garden or a terrace.

Pottery is our nature. It's what excites us and triggers our curiosity. For each and every design we look for the perfect balance between flowers, plants and interior. Every day we create pieces which are not restricted to one single space or setting. Thanks to our pottery designs, you can make arrangements with flowers and plants to fill your home with greenery, no matter which season.

Twice a year we present you our timeless and new collections, all with an authentic feel. We love to use natural materials which you can combine endlessly. The wide variation in the collections result in different themes so you can always find the perfect match for your interior style.

Did you know that our **BASIC** pots are also very handy for planting herbs? What is better than fresh mint tea, cooking with fresh coriander or a touch of thyme? Choose the herbs you want to taste every day and plant them in our cheerful Basic pots.

Can't decide whether you prefer a cylindrical, conical or rectangular pot on your countertop? A mix of all shapes together looks very stylish too!

OSKAR

He's a funny one, our OSKAR. Always cracking jokes, making sure everyone around the table is having a fabulous time. In fact, he's happiest when that table is overflowing, pushing his Nepal pictures, breakfast bowl and that Miranda July book he's been wanting to read off to the far end to make some room for tonight's company.

Because with OSKAR, there's always company. One day there's a bunch of friends over from his stint in Valencia, the next he's cooking beef stew under the scrutinous eye of his grandmother, author of the family recipe.

He may not be a father—yet—but OSKAR's definitely got the makes of a family man, treating his girl as well as his friends to the same hospitality he would his wild bunch of cousins.

Sounds traditional? Well, maybe. OSKAR likes his coffee the regular old shade of black and buys leather loafers 'because they last'.

Yet he isn't one to strictly follow the rules. Sure, spoons are for dessert and coffee comes after—usually. But rules are boring and so is classic china on a table that's full of life.

So OSKAR doesn't quite mind whether the amuses he serves come in the same bowls as the home-grown parsnip soup he had for lunch. Life's too short to worry about etiquette, which is not to say there isn't any place for refinement on the table. Much to the contrary. Ask any of OSKAR's friends and they'll tell you how much of a treat it is to be sat at that endless wooden dinner table of his.

Basically, OSKAR's just an honest guy who loves good company, full plates that soon turn empty and that touch of je ne sais quoi that can only be sparked around a meal made with pizzazz. Good times, no fuss and big smiles. That's OSKAR.

Nice to meet you.

Pure materials, natural colours and classy shapes is the thread throughout our collections. The power of simplicity and yet an eye for detail is what our company stands for. We will show you some of the mood boards we used while designing the collections. It allows you to understand the themes within our collections.

Visual merchandising is the art of arranging the products in your store in a manner that will make customers want to buy them.

Displaying items in an attractive manner will encourage sales, because a customer will want to replicate the look by purchasing the product and displaying it in his own home. Through visual merchandising we aim to create a 'need' for the customer, promote and develop our brand and identity whilst establishing a thoroughly consistent expression throughout all shop in shops. We try to create an actual experience for the customer.

This manual is a step-by-step guide where you will be given information and insight to help create an inspiring and sales-optimised shop-in-shop.

The purpose of this merchandising manual is to give shops a tool to ensure a highly visible, consistent expression in the area of merchandising.

Thank you for letting us take you with us on this visual merchandising journey. Please do not hesitate to contact us if you have any questions regarding this manual.

DIAGONAL BLOCKS

Style in diagonal blocks and try to find balance.

TIP: Repetition brings peace.

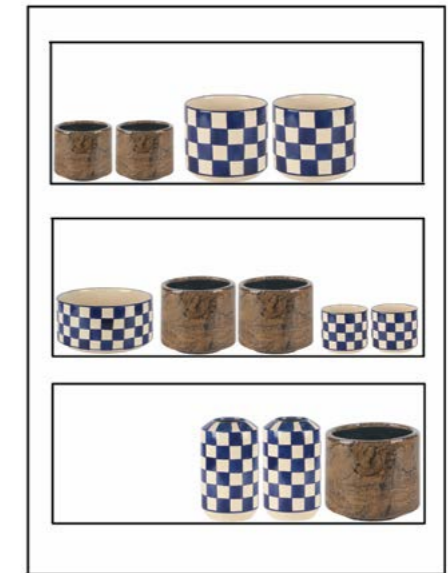

STYLING EXECUTION

Applicate previous steps, one collection at a time.

Keep collections together, we design our collections to find a continuity in styling and presentation.

COMBINE COLOURS

Make a combination with 2 or maximum 3 colours.

FINISHING TOUCH

Take a step back and have a look. Make sure all products are facing the customer.

Signage is an important part of communication with our customers, so it is essential for all signs to be updated with the right message.

Make some pot + plant combinations.
