GET INSPIRED!

Een groen en comfortabel interieur is de nieuwe norm. Consumenten besteden meer tijd én geld aan gezelligheid rondom huis. Consumenten kunnen overal planten en potten kopen, ook online zien we deze verandering. Het onderscheidend vermogen van de groenwinkel van de toekomst ligt verborgen in een uitmuntende klantenservice en een unieke collectie vol karakter.

De 2022 voorjaarscollectie speelt met gepaste oplossingen in op de veranderingen in de wereld. Met name in de metaalcollectie groeit het aanbod. Niet gek want een metalen plantenpot is stoer en elegant, en straalt luxe uit. Daarbij zijn ze licht in gewicht en dus ideaal voor verzending. Artstone komt met een indoorserie, uiteraard met het 'plant reddend' drainagesysteem. Veel van onze bloempotten worden in Europa gemaakt, een deel zelfs bij ons om de hoek, In Nederland. Ontdek de European range vanaf pagina 98. En natuurlijk vele mini bloempotjes, traditioneel geblazen bloemvazen, nieuw mandwerk in de Naturals range, hangpotten, potten op pootjes, potten met patronen, potten met bloemen, potten met gezichten, potten met exclusieve glazuurtechnieken, en nog meer potten! Oh, en een nieuwe categorie met pilaren, zuilen en tafels, om potten en planten nóg meer te laten schitteren.

Wij zijn helemaal klaar voor 2022! Met een toekomstgericht assortiment, ondersteunende winkelpresentaties, aantrekkelijke (online) content en échte persoonsgerichte aandacht, helpen wij u het verschil te maken.

A green and comfortable interior is the new standard. Consumers are spending more time and money on their homes to make it cosy and comfy. Consumers can buy plants and pots virtually anywhere, and this change is also seen online. The distinctive power of the green store of the future can be found in excellent customer service and a unique collection full of character.

The 2022 spring collection responds to the changes in the world with appropriate solutions. In particular, the metal collection is becoming more and more popular. This is no surprise because a metal plant pot is robust and elegant, representing luxury. In addition, they are lightweight and therefore ideal for shipping. Artstone is also introducing an indoor series, of course with the 'plant-saving' drainage system.
Many of our flower pots are made in Europe, some just around the corner, in the Netherlands. Discover the European range from page 98. And of course many mini flower pots, traditional blown flower vases, new basketware in the Naturals range, hanging pots, pots on legs, pots with patterns, pots with flowers, pots with faces, pots with exclusive glazing techniques, and even more pots! Oh, and a new category with pillars, stands and tables, to let pots and plants shine even more.

We are totally ready for 2022! With a future-proof line-up, supportive store presentations, attractive (online) content and true personal attention, we will help you make the difference.

Ein grüner und komfortabler Innenraum ist die neue Norm. Der Konsument gibt mehr Zeit und Geld für Gemütlichkeit im Haus aus. Man kann Pflanzen und Töpfe überall kaufen. Wir beobachten diesen Wandel auch online. Der unverwechselbare Charakter des grünen Geschäfts der Zukunft liegt im exzellenten Kundenservice und einer einzigartigen, charaktervollen Kollektion.

Die Frühjahrskollektion 2022 antwortet auf die Veränderungen in der Welt mit passenden Lösungen. Vor allem im Metallsortiment wird das Angebot immer größer. Kein Wunder, denn ein Pflanzgefäß aus Metall ist robust und elegant und strahlt Luxus aus. Außerdem sind sie leicht und daher ideal für den Versand. Artstone wird eine Serie für den Innenbereich einführen, natürlich mit dem 'pflanzenschonenden' Drainagesystem. Viele unserer Blumentöpfe werden in Europa hergestellt. Einige sogar gleich um die Ecke, hier in den Niederlanden. Entdecken Sie das europäische Sortiment ab Seite 98. Und natürlich viele Mini-Blumentöpfe, traditionelle mundgeblasene Blumenvasen, neue Korbwaren der Serie Naturals, Hängetöpfe, Töpfe auf Beinen, Töpfe mit Mustern, Töpfe mit Blumen, Töpfe mit Gesichtern, Töpfe mit exklusiven Glasurtechniken und noch mehr Töpfe! Oh, und eine neue Kategorie mit Säulen, Pfeilern und Tischen, um Töpfe und Pflanzen noch besser zur Geltung zu bringen.

Wir sind voll und ganz auf das Jahr 2022 vorbereitet! Mit einem zukunftsorientierten Sortiment, unterstützenden Regalpräsentationen, attraktiven (Online-)Inhalten und echter persönlicher Betreuung helfen wir Ihnen, den Unterschied zu machen.

Un intérieur vert et confortable est la nouvelle norme. Les consommateurs consacrent plus de temps et d'argent à l'intérieur. Les consommateurs peuvent acheter des plantes et des pots n'importe où, et cette évolution s'observe également en ligne. Le caractère distinctif du magasin vert du futur réside dans un excellent service à la clientèle et une collection unique et pleine de caractère.

La collection printemps 2022 répond aux changements du monde par des solutions appropriées. Notamment dans la collection de métaux, la gamme s'élargit. Ce n'est pas surprenant, car un pot de fleurs en métal est à la fois robuste et élégant, et respire le luxe. En outre, elles sont légères et donc idéales pour l'expédition. Artstone lancera une série pour l'intérieur, bien sûr avec le système de drainage qui préserve les plantes. Beaucoup de nos pots de fleurs sont fabriqués en Europe, certains même juste au coin de la rue, aux Pays-Bas. Découvrez la gamme européenne à partir de la page 98. Et bien sûr, de nombreux mini-pots de fleurs, des vases de fleurs soufflées traditionnels, de nouveaux articles de vannerie dans la gamme Naturals, des pots suspendus, des pots sur pieds, des pots avec des motifs, des pots avec des fleurs, des pots avec des visages, des pots avec des techniques d'émaillage exclusives, et encore plus de pots ! Oh, et une nouvelle catégorie avec des piliers, des colonnes et des tables, pour faire briller encore plus les pots et les plantes.

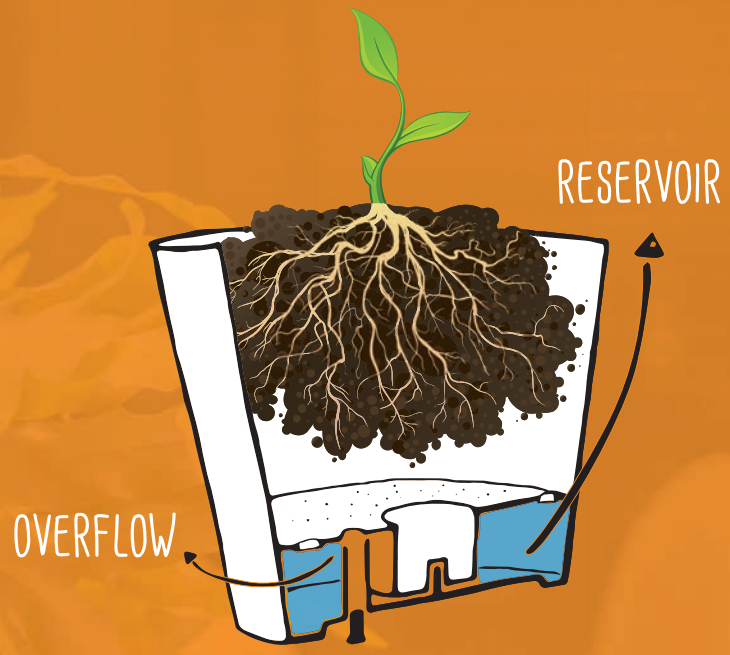

Nous sommes prêts pour 2022 ! Avec un assortiment évolutif, des présentations de magasin qui soutiennent, un contenu (en ligne) attrayant et une véritable attention personnelle, nous vous aiderons à faire la différence.
