Koberg has a large selection of Sansevierias available; more than 32 species in various sizes from 10 to 150 cm. For flower shops, garden centres and for applications in interior landscape projects.

Upon request and at an additional cost, the Sansevierias are available in decorative pots (see back of brochure). Most of the Sansevieria species are available in various pot sizes and various heights.

Sansevieria Experience

Added Value

Some examples of Sansevierias in decorative pots. Pot-plant combinations can be composed in cooperation with our customers. Prices on request.

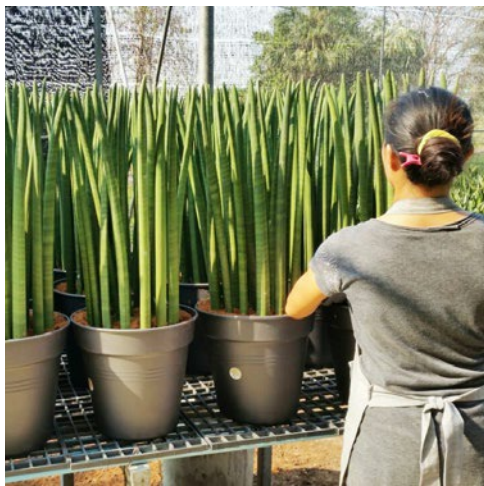

Mixed containers

Some examples of Sansevieria mixed trolleys. The content can be used for a presentation on tables in garden centres. Per trolley, various combinations are possible. Prices on request.

Rough & Tough

All Sansevierias will have a new 'rough & tough' label. The message is clear: Sansevierias are strong plants and easy in maintenance.
