SPRING-SUMMER 2021 COLLECTION

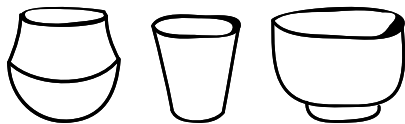

pottery is our nature

We breathe design and nature. That’s why we develop unique elements, mainly ceramics, wood, wicker or glass. These interior objects offer you countless possibilities to infuse your home with green. No matter if you live in the countryside or in a modern urban hide-out where every inch matters. And do not forget to add a touch of design to your outdoor setting if you have a garden or a terrace.

Pottery is our nature. It’s what excites us and triggers our curiosity. For each and every design we look for the perfect balance between flowers, plants and interior. Every day we create pieces which are not restricted to one single space or setting. Thanks to our pottery designs, you can make arrangements with flowers and plants to fill your home with greenery, no matter which season.

Twice a year we present you our timeless and new collections, all with an authentic feel. We love to use natural materials which you can combine endlessly. The wide variation in the collections result in different themes so you can always find the perfect match for your interior style.

D&M was founded in Belgium in 1992, so you can rely on more than two decades of expertise when it comes to textures, techniques and materials for all our designs. Today we are a trendsetter in the sector, and we are always looking for sustainable materials and production processes. From photography to graphic design and styling of the boutiques: our young creative team puts a very own D&M stamp to every space – also yours.

Healthy plants in handcrafted ceramic pottery

In these extraordinary times we are, more than ever, concerned with our health.

Houseplants provide extra oxygen and help purify the air.

Be it a Monstera Deiciosa, a Calathea Orbifolia, a Ficus or even an Alocasia pink dragon; all of these species will improve the air indoors.

If you are looking for functional, handmade ceramic pottery with a stylish and honest design our SHELL collection is a must have. SHELL flower planters are available in 6 sizes and 3 colours (soft pink-pistache and cream).

“ FUNCTIONAL SIMPLICITY BASED ON A HONEST DESIGN
WITH A HANDCRAFTED FINISH, THIS IS SHELL ”

In our D&M studios based in the north of Portugal great artisans manufacture each SHELL piece.

The finish is unique and created by hand. The hand-picked clay material provides this design with superior quality and provides a natural ceramic look.

min__lor is fond of MUSH

When I started my Instagram story three years ago, I had never expected I would be able to share my plant obsession with so many other plant lovers.

Every day I enjoy showing (part of) my urban jungle and sharing tips and tricks with the broader community (and vice versa). I continue to be amazed by the wonderful treasures that others have in their homes.

If you take a look at my account, you will immediately notice that I try to bring a minimalistic feed, letting the plants speak for themselves. For this reason, finding the proper pot is almost exactly as important as the plant itself. MUSH by D&M Deco immediately caught my eye due to its particular shape. It will transform your plant into a statement piece.

“HANDMADE POTTERY IN THE MOST BEAUTIFUL
STRUCTURED CLAY, IT IS CALLED MUSH”

Planters with hanging leaves fit perfectly in the shapes of MUSH. I would advise a Philodendron Micans which beautiful leaves will fall into the right place thanks to MUSH.

Sustainable birdhouse welcomes birds

Environmental consciousness is increasing in importance daily. As our planet is precious and resources are limited, D&M supports the search for durable materials.

"INSPIRED BY A DEEP RESPECT FOR NATURE, OUR BIRDHOUSE HUM BRINGS AN ECOLOGICAL DESIGN WITH A SLEEK SHAPE AND NATURAL COLOURS THAT BLEND INTO EACH GARDEN."

Coffee is a cultural mainstay in many parts of the world. However, due to this, tons of used coffee grounds are filling bins and ending up as household waste. To decrease this problem, our birdhouse HUM gives used coffee grounds a new life, making it part of nature again by welcoming beautiful birds to your garden.

Re-invent life with happy colours

In these extraordinary times habits have changed, social contacts are reduced and maybe more time for contemplation has become available. The seasons however remain the same and 2021 will again bring us spring and summer. Why not enjoy this certainty in these uncertain times?

“ LET’S RE-INVENT LIFE BY SURROUNDING OURSELVES
WITH GENTLE AND HAPPY COLOURS
BROUGHT BY THE HOVER COLLECTION .”

It is time to enjoy nature by discovering happy colours and the perfume of fresh spring flowers. Our senses need natural stimulation to (re)discover happiness. Happy HOVER brightens up our lives with colours such as pink-pistache and cream, perfectly matching spring flowers.

The wealth of mother earth

—
In line with the spirit of the 21st century, people feel the urge to search too far away for the good things in life. Why not concentrate on the basics? MAIN is inspired by mother earth's basics: inspired by the beautiful red rock formations of Monument Valley, our designers developed MAIN.

.....
“ MAIN IS INSPIRED BY BASIC NATURE SUCH AS THE
MAGNIFICENT RED ROCK FORMATIONS
IN THE INDIAN NAVAJO DESERT.”
.....

The Portuguese artisans who created this pot, are equipped with gloves and a metal scraper to protect their hands while finishing this earthly pot. The rough clay contains a lot of 'chamotte' to give it his rugged look.

Weatherproof pottery in a sleek form

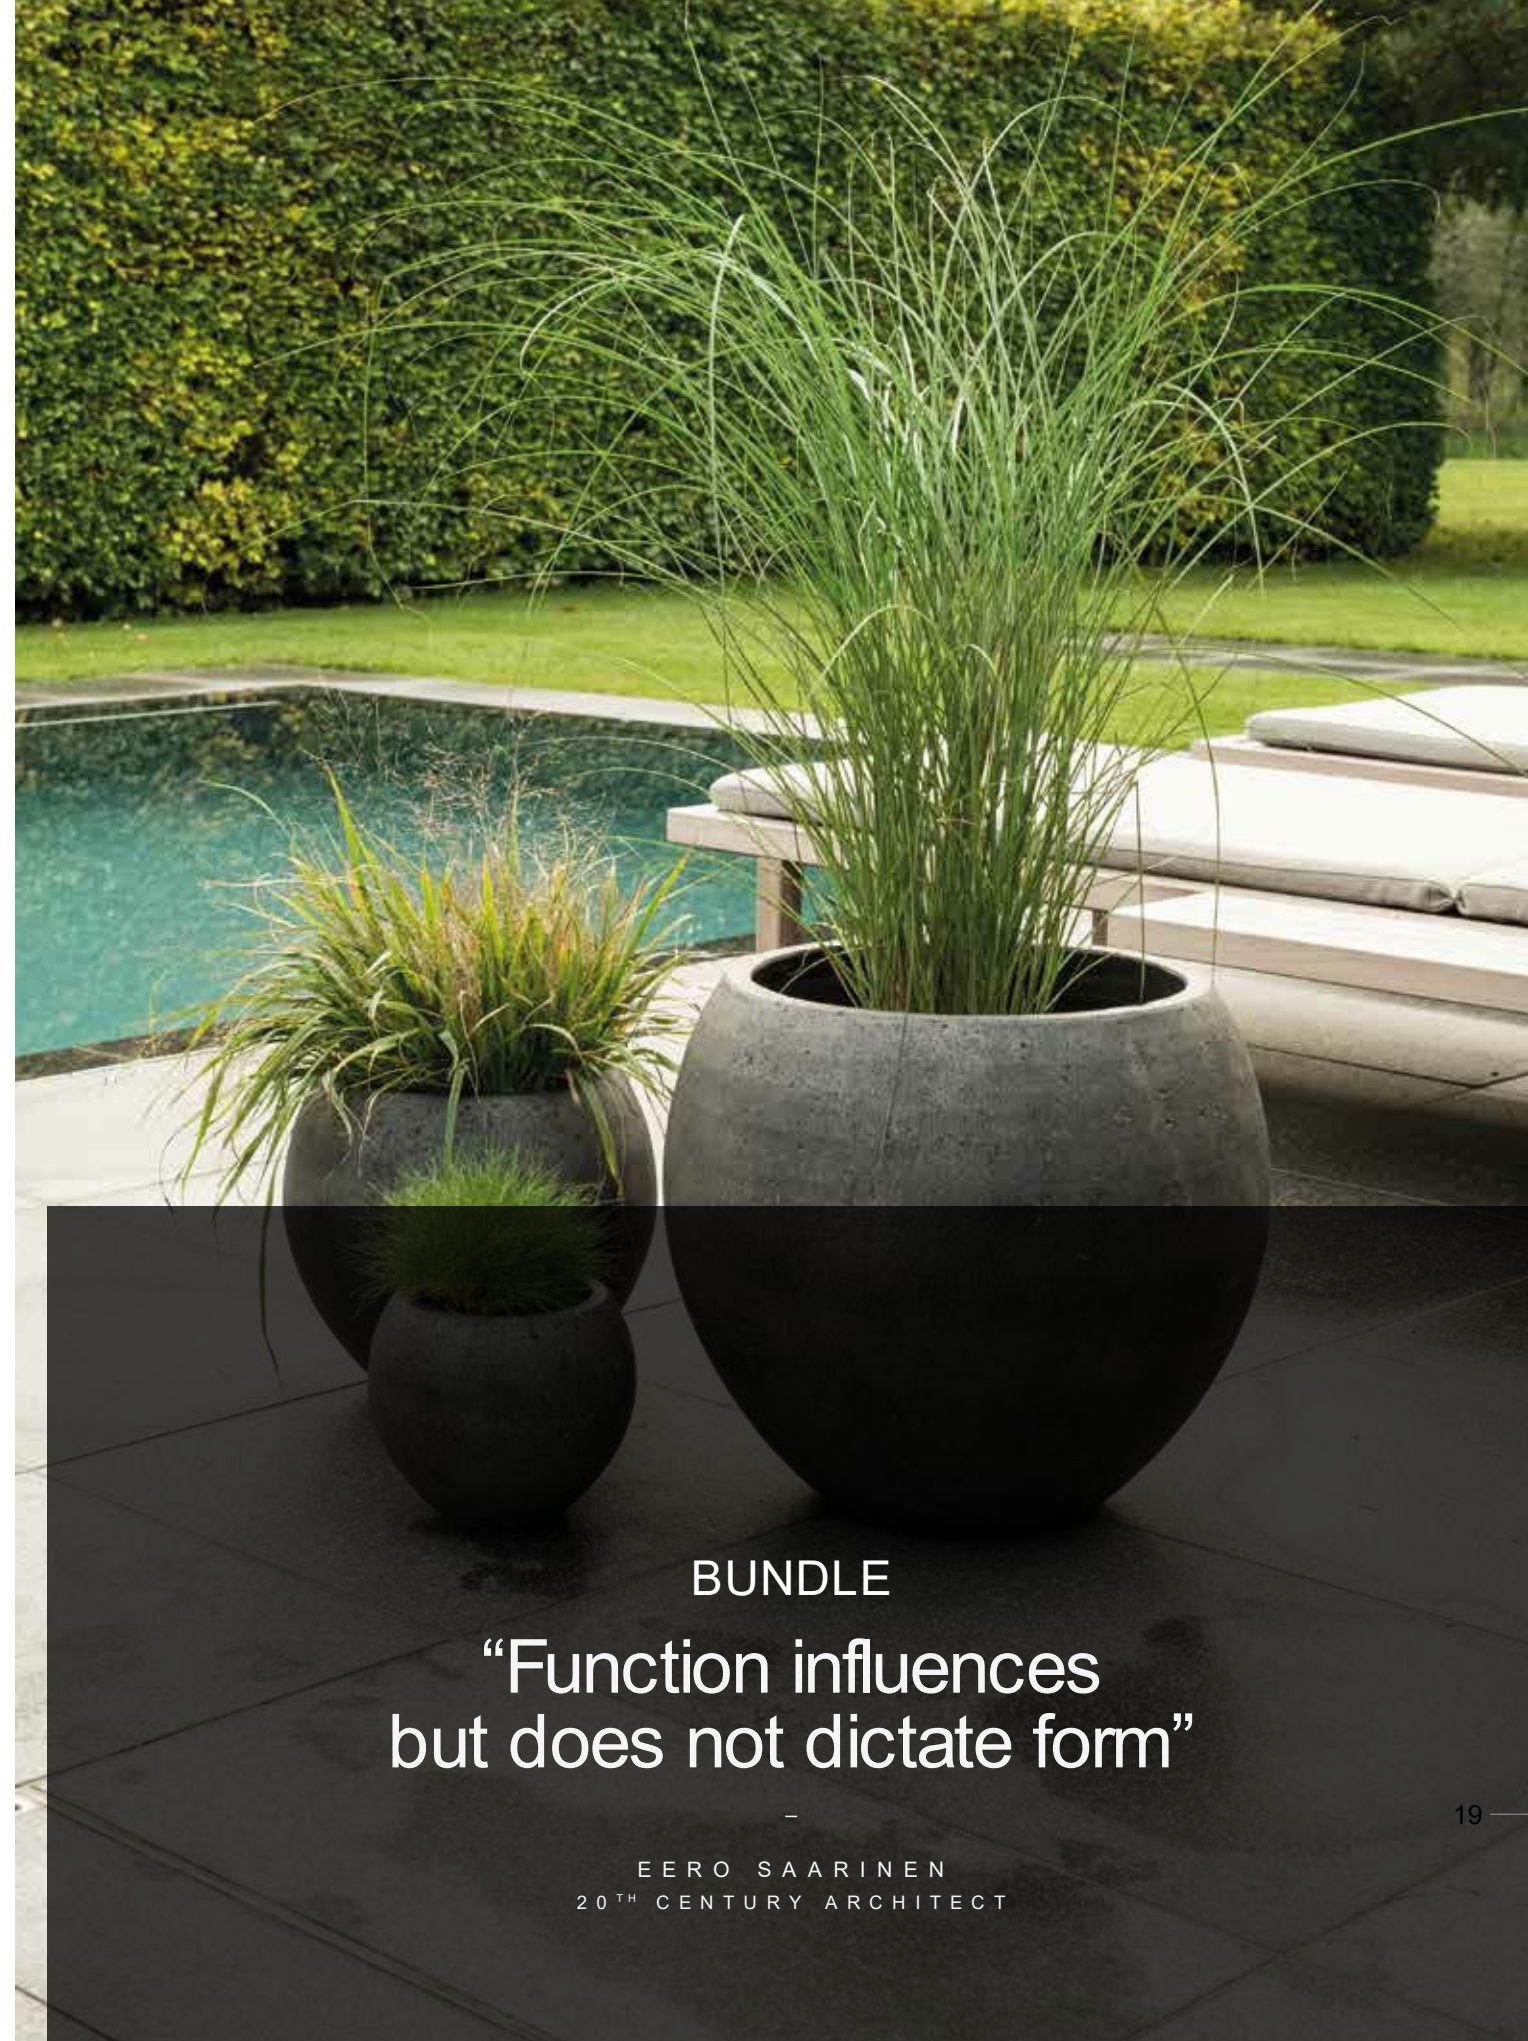

A summerproof terrace can only be achieved by adding some large outdoor pottery. Unfortunately, rain and wind are always right around the corner. BUNDLE is created as a resistant outdoor pottery collection made with fibre stone.

“THE MATERIAL USED FOR CREATING BUNDLE IS CALLED
FIBRE STONE:
A STRONG MATERIAL CONSISTING OF A MIX OF
FIBERGLASS AND STONE POWDER.”

Its resistant nature does not exclude refined looks. The combination of a round form and a raw stony finish assures an industrial and stylish look. The 3 different sizes available in this collection allow you to play with height when decorating using BUNDLE.

ØFUSION

FUSION is a well-known D&M icon. It has been in the collection for over 10 years in at least as many finishes. For 2021 we gave it a trendy update and dipped the collection in mint and nude, colours that easily combine with the rest of the new and older collections. The reactive glaze makes every single item stand out in its own way.

ÙBANDEAU

Did you know you have a unique piece of handicraft in your hands? The unique grainy but also shiny finish is the result of some skilful handicraft. The base pottery gets a matte sandy glaze. After drying a second treatment occurs: stamping with a glossy glaze. Colors like pistache, cream and pink provide a sunny touch to each room.

CONSTANT Ú

Square yet round. CONSTANT is a playful design created with a mix of yellow clay, sand and a finish of white glaze. By combining different sizes of CONSTANT on a rack or a table you will add a surprising but sleek touch to each interior.

ÚFRACTURE

Every season D&M launches a new edition of the artistic FRACTURE. By adding different shades of color on glazed ceramic a unique look is achieved. This edition uses a cream colored base modified with some green vibes. FRACTURE will also start welcoming hanging plants, revealing a hanging edition this season.

HURL Ú

Different sizes and even hanging pots available in happy colors pink and pistache give the opportunity to cheer up your place with HURL. The design is simple. A playful touch is added with a small line at the bottom of the pot.

ICON

It is all about lines. Icon combines in a smart way two finishes with two different colours. A glossy band on top of the design is fused with a matte surface. It sounds complicated but the truth is that this is a timeless design. ICON presents vases and pottery in different sizes.

ØORIENT

Our ORIENT bowls offer a new design perspective on the classic bonsai tree pots. Bonsai trees are typically placed in shallow containers to allow continuous drainage of water. Overwatering is one of the main causes why these types of trees don't survive.

ØMUSH

A simple but classy form in a rough stoneware clay produced in Portugal; we are talking about MUSH. The production of this piece of art requires some real artisanship. Only experienced artisans who have been working with clay for years, know how to handle this extremely rough clay. The actual turning of the clay on the wheel is preceded by a softening process to make the substance workable. The pottery is baked a single time in a 1040 degree oven and stays in for 9 hours. The clay contains some 'chamotte', giving it a natural look. A water-silicon base is added to waterproof the pot.

ØSHADE

Thanks to its elegant but functional form this large pottery collection has become a D&M icon. Every season our designers upgrade the SHADE collection by adding a new seasonal color. Forest green, black and cream were already available. Grey-green is added to create a fresh spring feeling.

ØDUST

A thrilling way to bake a big batch of pots is to light up the dragon kiln. This massive traditional wood-fired kiln is long and slightly elevated. Once fired, the three-day process starts. It is impossible to get an equal temperature in the kiln. The results are pots full of character due to their own and unique finish. Now that's quite a story behind a pot.

ØKNOB

A stylish and timeless collection made in Portugal with a speckled, rough clay: meet KNOB. Available in pottery and plates KNOB offers many stylish objects. The design is simple although the knobs on both sides provide a special touch to the design. Not only plants fit great in KNOB plates but also fruit or cake. Smaller pots can also be used as decoration for daily use object such as pens.

ØKAROO

We are on a mission to create as many urban green spots as possible. That is why we have found a solution to upgrade every city terrace or garden into a real green oasis. KAROO is a solution to create green walls just where you need them. One KAROO holds 9 different plants and you can keep on combining them to fill up an entire wall. On top, KAROO is made of HDPE, recycled plastic and is entirely produced in Belgium. Let's all go for a greener world, one KAROO at a time.

LIMPID Ú

Relaxing on a bamboo bed with some nice lanterns providing Ibiza vibes... Sounds good? Make it happen with LIMPID. These easy-to-hang lanterns are made with cotton rope on a metal frame. A candle light can be placed in the inner glass.

× PATIO

Green square meters can be quite the challenge to find in cities. So, we sat around the drawing table and came up with the PATIO trellis, executed in powder-coated iron. Climbers and creepers naturally find their way and create beautiful vertical gardens. Every house's façade will gladly host PATIO.

PIAZZA Ú

Hanging plants are in fashion. However, they remain difficult to install. PIAZZA is an easy way to give each hanging plant the needed space indoors. A small hook on the wall suffices. There is no need for drilling into the ceiling. PIAZZA's design fits most common conical pot sizes.

OSKAR

He's a funny one, our OSKAR. Always cracking jokes, making sure everyone around the table is having a fabulous time. In fact, he's happiest when that table is overflowing, pushing his Nepal pictures, breakfast bowl and that Miranda July book he's been wanting to read off to the far end to make some room for tonight's company.

Because with OSKAR, there's always company. One day there's a bunch of friends over from his stint in Valencia, the next he's cooking beef stew under the scrutinous eye of his grandmother, author of the family recipe. He may not be a father—yet—but OSKAR's definitely got the makes of a family man, treating his girl as well as his friends to the same hospitality he would his wild bunch of cousins.

Sounds traditional? Well, maybe. OSKAR likes his coffee the regular old shade of black and buys leather loafers 'because they last'. Yet he isn't one to strictly follow the rules. Sure, spoons are for dessert and coffee comes after—usually. But rules are boring and so is classic china on a table that's full of life. So OSKAR doesn't quite mind whether the amuses he serves come in the same bowls as the home-grown parsnip soup he had for lunch. Life's too short to worry about etiquette, which is not to say there isn't any place for refinement on the table. Much to the contrary. Ask any of OSKAR's friends and they'll tell you how much of a treat it is to be sat at that endless wooden dinner table of his.

Basically, OSKAR's just an honest guy who loves good company, full plates that soon turn empty and that touch of je ne sais quoi that can only be sparked around a meal made with pizzazz. Good times, no fuss and big smiles. That's OSKAR.

Nice to meet you.

SHOPINSHOP

The D&M-in-shop concept was conceived and developed to present D&M products in an inspiring way in a shop or showroom environment, in line with the overall look and spatial constraints of the shop, the customer's wishes or options. Depending on these parameters, we will create a compact, stylish showroom area where you can display and present the D&M assortment, optionally add matching furniture, or even integrate the D&M presentation systematically in the shop or showroom.

STYLING GUIDE

With the right styling, you will transform your shop into a real experience. Pure materials, natural colours and classy shapes is our thread throughout our collections. The power of simplicity and yet an eye for detail is what our company stands for. With this in mind, D&M is here to give you advice on how to style your shop and boost your sales.

SHOP IN SHOP

The D&M-in-shop concept was conceived and developed to present D&M products in an inspiring way in a shop or showroom environment, in line with the overall look and spatial constraints of the shop, the customer's wishes or options. Depending on these parameters, we will create a compact, stylish showroom area where you can display and present the D&M assortment, optionally add matching furniture, or even integrate the D&M presentation systematically in the shop or showroom.

Store managers who are interested can discover the different possibilities by appointment.

STORE ATMOSPHERE MATTERS TO YOUR CUSTOMERS

The atmosphere in your store is key for customer experience, the most important element of retail today. Your customers are likely to make purchasing decisions based on the inspiration they find in the presentation and colour combinations. It's imperative that you remember the role your store's atmosphere can play in its success. So, if you want to increase your overall sales, attract new customers and retain existing ones, follow these styling tips:

Style in diagonal blocks and try to find a balance.

Tip: Repetition brings peace.

Make a combination with 2 or maximum 3 colours.

Tip: Combine the different colours depending the occasion or season: Christmas, Holidays, spring/summer, fall/winter.

Style by collection

Tip: Style different sizes from one collection in the shelf, move to the next collection and handle the same way. Proceed in the same way until all collections are styled in the available shelves.

Keep D&M collections together. We design our collections to find a continuity in styling and harmony presentation.

Tip: You can mix different collections from different seasons. The materials and colours find themselves again.

Make a pot + plant combination.

Tip: It will boost sales!

INSPIRATION

In our first section INSPIRATION we highlighted several special collections.

Would you like to present our INSPIRATION themes in your shop?
